

AMENDMENTS TO THE SPECIFICATION

Please delete paragraph [5] and substitute for it the following paragraph, which has been marked to show all changes from the previous version:

[5] In addition, a group referred to as SDMI (Secure Digital Music Initiative), made up of more than 180 companies and organizations representing information technology, consumer electronics, telecommunication, security technology, the worldwide recording industry, and Internet service providers, is attempting to develop standards and architectures for secure delivery of digital music in all forms. Information regarding SDMI can be found at their website at <www.sdmi.org> sdmi.org.
